ANANCARE

Introduction

Anancare, formerly known as Art of Care and established in 2015, gained prominence during the Delta Covid wave in 2021. We are committed to providing superior HomeCare Services through our innovative HealthCare Services and skilled Nursing Professionals. Our dedicated staff is deeply invested in your well-being, offering personalized and collaborative care. As one of the Best Homecare Service Provider, we prioritize persistent instruction and proficient improvement for our exceedingly experienced group.

FROM DIRECTOR'S DESK

It gives me immense pride to address you today on behalf of Anancare. When we started this journey, it was with a simple yet powerful belief—that healing happens best in the comfort of home, surrounded by love, familiarity, and dignity.

At Anancare, our mission goes beyond just providing medical care. We believe in recovery, not merely treatment. Every patient we serve is more than a diagnosis; they are a person with hopes, families, and futures. Our role is to restore not only their health but also their confidence, independence, and peace of mind.

What sets us apart is compassion at the core of everything we do. Our dedicated caregivers, nurses, and support teams are not just professionals—they are companions in the healing journey. We listen, we care, and we walk alongside our patients and their families, ensuring they never feel alone in the process.

Looking ahead, our vision is clear: to redefine home healthcare in a way that blends medical excellence with human warmth. We aim to create a world where every patient feels safe, cared for, and empowered to recover in their own home.

To our patients and families: thank you for trusting us. To our caregivers and team: thank you for your unwavering dedication. Together, we are not just providing healthcare—we are building hope, strength, and a path to recovery.

Anancare will always stand for compassionate care, and we will continue striving to be the healing touch at home for all those who need us.

Thank you.”

Ananya Kumar

24hr. Home Care

24hr. care means care around the clock, 24hrs. a day. This care is meant for someone who needs regular attention around the clock as it may not be safe to leave this kind of patient unattended .

ICU Home Set-up

An ICU set up at home requires technologically advanced medical equipments along with constant continuous monitoring.

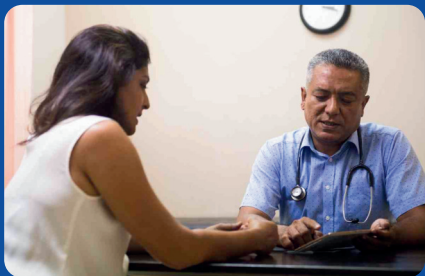

Ambulance Service

Ambulance service is an essential arm of health service. It is that mobile arm which responds to emergency calls, getting medical help to patients who have serious or critical injuries or illness as fast as possible.

Your Health, Our Priority

Our Services

Step 01

Initial Consultation

Welcome to Anancare, where your health and well-being is our priority. Our initial consultation process is designed to ensure that we fully understand your individual health needs and can provide you with the best personalized care that you deserve.

Step 02

Qualified Caregivers

At Anancare, we understand how important it is to find reliable and qualified caregivers for you or your loved ones. Our mission is to provide a seamless platform where caregivers and those who need care can communicate with trust and confidence.

Step 03

Comprehensive Care

At Anancare, the Homecare Service Provider, our comprehensive care process begins with a detailed assessment of your needs. We then create a personalized care plan, assign a dedicated caregiver, and provide continuous monitoring and support. This ensures tailored, high-quality care to meet all your homecare requirements efficiently and compassionately.
